Location: Ratingen, Germany.

TECHNICAL SKILLS

Languages	: Python, bash, R.
Libraries	: pandas, boto3, great expectations, requests, beautifulsoup, geopandas, plotly, sklearn.
Databases	: PostgreSQL, Reshift, MongoDB.
AWS	: S3, MWAA(Airflow), Glue, Lambda, Sagemaker, Elastic Container Service (ECS), CloudWatch.
Data Tools	: Power BI, Active Campaign, Amplitude, Zuora.
Dev Tools	: Airflow, Docker, RudderStack, Github Actions, CircleCI.
Misc	: Hudi, Avro, Visual Studio Code, Jupyter Notebook/Lab, Git, Github, Sharepoint, Confluence.

RECENT EMPLOYMENT

Data Engineer	Feb 2024 – Present
<i>YARA GmbH & Co. KG</i>	<i>Remote, Germany</i>

- Showcased how creative use of Tokenisation methods can simplify GDPR compliance for downstream data consumers.
- Implemented an ECS based Great Expectations microservice to test the quality of incoming data.
- Implemented administrative application process for Role Based Access to sensitive customer data.

Data Engineer	Aug 2018 – Jan 2024
<i>Yara International</i>	<i>Remote, Singapore</i>

- Simplified and migrated production Airflow setup from kubernetes to AWS MWAA. Implemented a number dockerized microservices on ECS to resolve dependency hell issue.
- Wrote and deployed a variety of ETL pipelines, connecting S3 buckets, various relational databases and third party analytics platforms.
- Designed an application agnostic framework for delivering dynamically generated advisory content, with scalable localization potential.
- Acquired large external datasets with scalable scraping algorithms.
- Challenged stakeholder assumptions with strategic use of analytics and clear visualizations.
- Built topic classification models with linguistic data, utilising translation and transliteration APIs.
- Trained interpolation models and produced interactive maps using spatial data.

Customer Service Execute (CSE); Senior CSE	Jun 2013– Nov 2016
<i>Booking.com</i>	<i>Singapore</i>

- Designed, automated and implemented a Google Sheet macros based task assignment and tracking system in 3 regional offices.

Junior Analyst	May 2012 – Apr 2013
<i>Inland Revenue Authority of Singapore (IRAS)</i>	<i>Singapore</i>

- Researched ways of encouraging voluntary tax compliance.

Please refer to the attached PDF for a detailed work project history.

EDUCATION

Johns Hopkins Bloomberg School of Public Health	Coursera.org
<i>Data Science Specialization</i>	<i>2017</i>

National University of Singapore	Singapore
<i>Bachelor of Arts (Economics)</i>	<i>2004 – 2008</i>
